@carina089 - ITALY

Yesterday, I went to the shops and I was really fascinated by the crystal clear water in the canals of Venice. I could even see fishes for the first time since I can remember.

@jolienmlr - GERMANY

“The best way to predict the future is to create it.”

Abraham Lincoln

@AngTherese - UK

Great Orme goats out and about in Llandudno again first thing this morning. One even quite comfortably sitting in the road.

@sarahTbh - LIBANON

Next week, my finacé and me wanted to celebrate a big wedding with all of our family which cannot take place in this way, but this did not stop us from saying yes - to each other, to love.

A lot of business meetings that have usually taken place abroad can actually be proceeded online.

First of all, this would save many carbon emissions that would be generated due to the travel. Furthermore, it reduces financial costs of the company as well.

@laraThd - DENMARK

#MentalHealth

One advantage of social distancing is that we can use this time to find back to ourselves and do the things we haven't have time for before.

What can we learn from Corona?
